

3.5" square coaster

Front

Back

*Please note that the “Back” side cut can be off by up to 2mm

-  Safe area
-  Visible area
-  Bleed

*Please export as a vector file if possible - If not, please export as a jpeg in CMYK at 600 dpi at full size
*Please remove all lines before exporting. Export only what is to be printed.
*Please convert all fonts to paths

Some things to remember:
- add .0.25" bleed if you want colours or images to go to the edge

-Text smaller than 10pt. or 1/8" may be hard to read due to the absorbency of the pulp board.
